SWIM LESSON CLASS DESCRIPTIONS

PARENT-TOT: \$25 per session

(6-36 months) 12 participants per class

Designed for children to begin the process of learning basic water skills to help them become comfortable and relaxed in a swimming pool environment. The child must be accompanied by a parent/guardian (12+ yrs) in the water that will help the child adapt to the aquatic environment with an instructor's assistance. Focuses on: water adjustment, water entry/exit, exploration and submersion.

PRE-SCHOOL LEVEL CLASSES

Tadpoles: \$44 per session

(30-48 months) 3 participants per class

This class is geared towards toddlers who are gaining comfort in the water and working on basic swim skills. The goal of this class is to work on the process of swimming without the parent and introduce new skills. Focuses on: independent entry/exit, front/back glides, front/back floats, kicking and basic front/back arm movements.

Previous participation in Parent-Tot is highly recommended.

Shrimps: \$25 per session

(3-5yrs) 5 participants per class

Designed for a first time swimmer who is gaining comfort and confidence in the water. This class will focus on the fundamentals: blowing bubbles, front and back float, head submersion, bobbing, front/back arm movements and supported front/back kick.

Otters: \$25 per session

(3-5yrs) 5 participants per class

Intended for children who have mastered front and back floating. The class will focus on the coordination of arm and leg movements on front/back, underwater swimming, kicking without support on front/back and turning over front to back/back to front.

LEVEL CLASSES:

Level II—Primary Skills: \$25 per session

(5yrs and up) 7 participants per class

Level III—Stroke Readiness: \$25 per session

(5yrs and up) 7 participants per class

To register for Level III and to participate comfortably, students should have completed Level II and/or Sea Lions successfully. The focus of Level III is coordination of the front and back crawl for 15 yards with good breathing, beginning to tread water and the elementary backstroke. In addition, safe diving practices from the side of the pool and underwater swimming are elements of this level.

Level IV—Stroke Development: \$25 per session

(6yrs and up) 8 participants per class

This is the course where students really begin to look like "swimmers". Building on the skills already acquired, students will be able to swim at least 25 yards of front and back crawl easily, increase endurance, master rotary breathing, and learn the basics of breaststroke, scissor kick, and turning at the wall. Enrollment in this level should occur after

Summer 2015

GUARD START and WATER SAFETY DAY

GUARD START

Gilbert Parks & Recreation Department and the American Red Cross are sponsoring a GUARD START program for the 2015 Aquatic Season. This program is designed for youth 11-15 years of age who would like to work as a Lifeguard, but are too young to take the required classes from the American Red Cross.

The experience gained in this class will encourage a youngster to continue with their education and training to become a Certified Lifeguard through the American Red Cross Lifeguard Training Course. Training will include rule enforcement, CPR demonstrations, First-Aid training, and various rescue scenarios.

Attendance at all classes is not mandatory but encouraged.

Registration will be through www.Gilbertrecreation.com only and will begin:

May 5 at 7am for residents

May 5 at 10am for non-residents

Location: Mesquite and Perry Pools

Program Dates (8 total classes) :

Monday & Tuesdays 6/8-6/30

Program Time - 1-4pm
